## GREENGUARD® GOLD CERTIFICATION

Hush Acoustics has achieved full GreenGuard® Gold sustainability certification, a mark of excellence that ensures our products meet strict standards for low chemical emissions, promoting healthier indoor air quality.

This recognition gives architects, designers, and consumers confidence in choosing Hush for environmentally responsible solutions. Beyond sustainability, Hush's felt products offer excellent sound-absorbing properties, making them ideal for creating quieter, more comfortable spaces.

## SUSTAINABILITY

Manufactured from 100% PET(60% recycled material), our felt products demonstrate our commitment to both environmental stewardship and functional design, contributing to a greener and quieter future. It comprising of flame-retardant fiber as new material ensuring ASTM E84 class A certification. The high strength of PET panels in comparison to its weight is the key to its superior energy efficiency.

## FUNGAL RESISTANT

Independently tested by EMSL Canada, Hush P.E.T. felt showed zero mold growth under ASTM C1338 laboratory conditions, confirming exceptional durability.

## WARRANTY

2 year limited warranty. See F.A.Q. page on our website for more information.

### Wall Mount

Page 7

# Leaves

## INSTALLATION INSTRUCTIONS · SHOULDER MOUNT

1. Locate the Botanical Leaf.

*(Note; the top of the Leaf will have a small hole cut out for the installation hardware).*

2. Now, locate the shoulder-bracket hardware provided.

3. Align the shoulder brackets with the small cut out hole on the Leaf.

4. Now tighten the bolt hardware.

5. When the hardware has been tightened, the Leaf is now complete and ready to be suspended from the ceiling.

*(Please refer to the Ceiling Hardware Install Guide, using the QR code on page 3, for the final steps).*

# Leaves

## INSTALLATION INSTRUCTIONS · WALL MOUNT

1. Locate the back of the Botanical Leaf.  
*(Note; the back of the Leaf is your choice – depending on the orientation that you choose to install the product).*

2. On the back of the Leaf, starting near the top of the Leaf, apply a bead of adhesive that is approximately 1/4" thick.

3. Continue the bead of adhesive across the width of the Leaf.

4. Working quickly, complete the Leaf in a back-and-forth pattern as shown below, making sure to prevent the adhesive from touching or crossing over any cut-out details in the Leaf design.

5. Your Leaf is now ready to be installed on the wall in the desired location. (Please note that the Leaf should be mounted on the wall within 60 seconds of applying adhesive). With the Leaf located on the wall, apply firm pressure evenly over the entire surface of the Leaf and hold it in place for 30 seconds. The Leaf is now installed.

# Colour Options

PLEASE NOTE: The images are only a sampling of the colours. Order a physical colour sample to obtain an accurate representation of our acoustic colours.

## ELEMENT

## COLOUR MATCH SERVICES

### Can't find the tone you're looking for?

Hush Acoustics' felt Colour Match services enhance architectural projects with rich visuals and tactile appeal, whether for panels, murals, or other design applications. Our felt brings depth and sophistication to any space, offering a customizable and memorable design element that elevates the overall experience.

With advanced equipment, we produce high-resolution, colour-accurate results that capture subtle gradients and fine textures, all while maintaining acoustic performance. Every Colour Match is carefully managed by our Senior Graphic Designer to ensure that the final output closely aligns with the designer's original vision.

### Commonly Matched Materials (matte finishes only):

#### Wall Paints

Dulux, Benjamin Moore, Behr, and other popular brands

#### Pantone® Hues

We simulate your company's brand tones using the Pantone® Uncoated palette

#### Fabric

From linen to wool, we match not just the colour, but also the texture in most of the cases

#### Stones

We can simulate a wide variety of stone types based on your needs

#### Wood Laminates

WilsonArt and other popular brands

#### Generic Textures

Get in touch with our Acoustic Specialists, we will be glad to assist you
